This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

MERIT ROLL.

EVERY student, when present at any exercise, receives merit marks according to his excellence in that exercise. If absent, no matter from what cause, he receives no merit marks. He also receives demerit marks for misconduct, which are deducted from his merit marks to ascertain his place on the Merit Roll.

The maximum is that number of credit marks which a student would receive who should never be absent from any of his duties, should perform them all to the complete satisfaction of his instructors, and be guilty of no misconduct.

MERIT ROLL.

Every student, when present at any exercise, receives merit marks according to his excellence in that exercise. If absent from such exercise, from whatever cause, he is not entitled to receive any marks of credit. He also receives *demerit* marks for misconduct, and which, in making up the classification, are deducted from the merit marks, in order to ascertain his proper place on the Merit Roll.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises by *ten*, and is that number of credits (including examinations) which a student would receive, who should perform all the exercises to the entire satisfaction of his instructors, never be absent from any of his duties, and receive no demerits for misconduct.

* Absent part of term and from Examination on account of sickness.

† Absent part of term.

NEW YORK FREE ACADEMY.

MERIT ROLL.

FEBRUARY—1856.

NEW YORK:
WM. C. BRYANT & CO., PRINTERS, 41 NASSAU ST., COR. LIBERTY.

1856.

NEW YORK FREE ACADEMY.

MERIT ROLL.

February—First Academic Term—1855-6.

EVERY student, when present at any exercise, receives merit marks according to his excellence in that exercise. If absent from such exercise, from whatever cause, he is not entitled to receive any marks of credit. He also receives *demerit* marks for misconduct, and which, in making up the classification, are deducted from the merit marks, in order to ascertain his proper place on the Merit Roll.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises by *ten*, and is that number of credits (including examinations) which a student would receive, who should perform all the exercises to the entire satisfaction of his Instructors, never be absent from any of his duties, and receive no demerits for misconduct.

NEW YORK FREE ACADEMY.

MERIT ROLL.

JULY—1856.

NEW YORK:
WM. C. BRYANT & CO., PRINTERS, 41 NASSAU ST., COR. LIBERTY.
1856.

NEW YORK FREE ACADEMY.

MERIT ROLL.

July—Second Academic Term—1856.

EVERY student, when present at any exercise, receives merit marks according to his excellence in that exercise. If absent from such exercise, from whatever cause, he is not entitled to receive any marks of credit. He also receives *demerit* marks for misconduct, and which, in making up the classification, are deducted from the merit marks in order to ascertain his proper place on the Merit Roll.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises by *ten*, and is that number of credits (including examinations) which a student would receive, who should perform all the exercises to the entire satisfaction of his Instructors, never be absent from any of his duties, and receive no demerits for misconduct.

MERIT ROLL

OF THE

NEW YORK FREE ACADEMY,

First Academic Term,

FEBRUARY, 1858.

NEW YORK:
WM. C. BRYANT & CO., PRINTERS, 41 NASSAU ST., COR. LIBERTY.

1858.

NEW YORK FREE ACADEMY.

MERIT ROLL.

First Academic Term—February, 1858.

Every student, when present at any exercise, receives merit marks according to his excellence in that exercise. If absent from such exercise, from whatever cause, he is not entitled to receive any marks of credit. He also receives *demerit* marks for misconduct, which, in making up the classification, are deducted from the merit marks, in order to ascertain his proper place on the Merit Roll.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises by *ten*, and is that number of credits (including examinations) which a student would receive, who should perform all the exercises to the entire satisfaction of his instructors, never be absent from any of his duties, and receive no demerits for misconduct.

MERIT ROLL

OF THE

NEW YORK FREE ACADEMY,

Second Academic Term,

JULY, 1858.

NEW YORK:
WM. C. BRYANT & CO., PRINTERS, 41 NASSAU ST., COR. LIBERTY.

1858.

NEW YORK FREE ACADEMY.

MERIT ROLL.

JULY—SECOND ACADEMIC TERM—1858.

EVERY student, when present at any exercise, receives merit marks according to his excellence in that exercise. If absent from such exercise, from whatever cause, he is not entitled to receive any marks of credit. He also receives *demerit* marks for misconduct, and which, in making up the classification, are deducted from the merit marks in order to ascertain his proper place on the Merit Roll.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises by *ten*, and is that number of credits (including examinations) which a student would receive, who should perform all the exercises to the entire satisfaction of his instructors, never be absent from any of his duties, and receive no demerits for misconduct.

MERIT ROLL

OF THE

NEW YORK FREE ACADEMY,

First Academic Term,

FEBRUARY, 1859.

NEW YORK:
WM. C. BRYANT & CO., PRINTERS, 41 NASSAU ST., COR. LIBERTY.

1859.

NEW YORK FREE ACADEMY.

MERIT ROLL.

FEBRUARY—FIRST ACADEMIC TERM—1859.

EVERY Student, when present at any exercise, receives merit marks according to his excellence in that exercise. If absent from such exercise, from whatever cause, he is not entitled to receive any marks of credit. He also receives *demerit* marks for misconduct, and which, in making up the classifications, are deducted from the merit marks in order to ascertain his proper place on the Merit Roll.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises by *ten*, and is that number of credits (including examinations) which a student would receive, who should perform all the exercises to the entire satisfaction of his instructors, never be absent from any of his duties, and receive no demerits for misconduct.

MERIT ROLL

OF THE

NEW YORK FREE ACADEMY,

Second Academic Term,

JULY, 1859.

NEW YORK:
WM. C. BRYANT & CO., PRINTERS, 41 NASSAU ST., COR. LIBERTY

1859.

NEW YORK FREE ACADEMY.

MERIT ROLL.

JULY—SECOND ACADEMIC TERM—1859.

EVERY Student, when present at any exercise, receives merit marks according to his excellence in that exercise. If absent from such exercise, form whatever cause, he is not entitled to receive any marks of credit. He also receives *demerit* markes for misconduct, and which, in making up the classifications, are deducted from the merit marks in order to ascertain his proper place on the Merit Roll.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises by *ten*, and is that number of credits (including examinations) which a student would receive, who shonld perform all the exercises to the entire satisfaction of his instructors, never be absent from any of his duties, and receive no demerits for misconduct.

MERIT ROLL

OF THE

NEW YORK FREE ACADEMY,

First Academic Term,

FEBRUARY, 1860.

NEW YORK:
WM. C. BRYANT & CO., PRINTERS, 41 NASSAU ST., COR. LIBERTY.

1860.

NEW YORK FREE ACADEMY.

MERIT ROLL.

FEBRUARY—FIRST ACADEMIC TERM—1860.

EVERY student, when present at any exercise, receives merit marks according to his excellence in that exercise. If absent from such exercise, from whatever cause, he is not entitled to receive any marks of credit. He also receives *demerit* marks for misconduct, and which, in making up the classification, are deducted from the merit marks in order to ascertain his proper place on the Merit Roll.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises by *ten*, and is that number of credits (including examinations) which a student would receive, who should perform all the exercises to the entire satisfaction of his instructors, never be absent from any of his duties, and receive no demerits for misconduct.

MERIT ROLL

OF THE

NEW YORK FREE ACADEMY,

Second Academic Term,

JULY, 1860.

NEW YORK:
WM. C. BRYANT & CO., PRINTERS, 41 NASSAU ST., COR. LIBERTY.

1860.

NEW YORK FREE ACADEMY.

MERIT ROLL.

JULY—SECOND ACADEMIC TERM—1860.

EVERY student, when present at any exercise, receives merit marks according to his excellence in that exercise. If absent from such exercise, from whatever cause, he is not entitled to receive any marks of credit. He also receives *demerit* marks for misconduct, and which, in making up the classification, are deducted from the merit marks in order to ascertain his proper place on the Merit Roll.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises by *ten*, and is that number of credits (including examinations) which a student would receive, who should perform all the exercises to the entire satisfaction of his instructors, never be absent from any of his duties, and receive no demerits for misconduct.

MERIT ROLL.

MERIT ROLL

OF THE

NEW YORK FREE ACADEMY,

First Academic Term.

FEBRUARY, 1861.

NEW YORK:
G. H. CLARK, PRINTER, 66 DUANE STREET.

1861.

NEW YORK FREE ACADEMY.

MERIT ROLL.

FEBRUARY—FIRST ACADEMIC TERM—1861.

Every student, when present at any exercise, receives merit marks according to his excellence in that exercise. If absent from such exercise, from whatever cause, he is not entitled to receive any marks of credit. He also receives *demerit* marks for misconduct, and which, in making up the classification, are deducted from the merit marks in order to ascertain his proper place on the Merit Roll.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises by *ten*, and is that number of credits (including examinations) which a student would receive, who should perform all the exercises to the entire satisfaction of his instructors, never be absent from any of his duties, and receive no demerits for misconduct.

MERIT ROLL.

MERIT ROLL

OF THE

NEW YORK FREE ACADEMY,

Second Academic Term.

JULY, 1861.

New York:
GEORGE H. CLARK, STEAM PRINTER,
No. 66 DUANE STREET.

1861.

NEW YORK FREE ACADEMY.

MERIT ROLL.

JULY—SECOND ACADEMIC TERM—1861.

EVERY student, when present at any exercise, receives merit m according to his excellence in that exercise. If absent from exrecise, from whatever cause, he is not entitled to receive marks of credit. He also receives *demerit* marks for misconduct, which, in making up the classification, are deducted from the n marks in order to ascertain his proper place on the Merit Roll.

The maximum of merit in any study or exercise is ascertaine multiplying the whole number of exercises by *ten*, and is that nu of credits (including examinations) which a student would rec who should perform all the exercises to the entire satisfaction o instructors, never be absent from any of his duties, and receiv demerits for misconduct.

MERIT ROLL.

MERIT ROLL

OF THE

NEW YORK FREE ACADEMY,

First Academic Term.

FEBRUARY, 1862.

New York:
GEORGE H. CLARK, STEAM PRINTER,
No. 66 DUANE STREET,

1862.

NEW YORK FREE ACADEMY.

MERIT ROLL.

FEBRUARY—FIRST ACADEMIC TERM—1862.

EVERY student, when present at any exercise, receives merit marks according to his excellence in that exercise. If absent from such exercise, from whatever cause, he is not entitled to receive any marks of credit. He also receives *demerit* marks for misconduct, and which, in making up the classification, are deducted from the merit marks in order to ascertain his proper place on the Merit Roll.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises by *ten*, and is that number of credits (including examinations) which a student would receive, who should perform all the exercises to the entire satisfaction of his instructors, never be absent from any of his duties, and receive no demerits for misconduct.

MERIT ROLL.

MERIT ROLL

OF THE

NEW YORK FREE ACADEMY,

Second Academic Term.

JULY, 1862.

NEW YORK:
G. H. CLARK, PRINTER, 66 DUANE STREET,

1862.

NEW YORK FREE ACADEMY.

MERIT ROLL.

JULY—SECOND ACADEMIC TERM—1862.

Every student, when present at any exercise, receives merit marks according to his excellence in that exercise. If absent from such exercise, from whatever cause, he is not entitled to receive any marks of credit. He also receives *demerit* marks for misconduct, and which, in making up the classification, are deducted from the merit marks in order to ascertain his proper place on the Merit Roll.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises by *ten*, and is that number of credits (including examinations) which a student would receive, who should perform all the exercises to the entire satisfaction of his instructors, never be absent from any of his duties, and receive no demerits for misconduct.

NEW YORK FREE ACADEMY.

MERIT ROLL.

FEBRUARY—FIRST ACADEMIC TERM—1863.

EVERY student, when present at any exercise, receives merit marks according to his excellence in that exercise. If absent from such exercise, from whatever cause, he is not entitled to receive any marks of credit. He also receives *demerit* marks for misconduct, and which, in making up the classification, are deducted from the merit marks in order to ascertain his proper place upon the Merit Roll.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises by *ten*, and is that number of credits (including examinations) which a student would receive, who should perform all the exercises to the entire satisfaction of his instructors, never be absent from any of his duties, and receive no demerits for misconduct.

JULY, 1863.

New York:

PTIST & TAYLOR, STEAM PRINTERS,

"SUN BUILDING," COR. NASSAU AND FULTON STS.

1863.

DSM

NEW YORK FREE ACADEMY.

MERIT ROLL.

JULY—SECOND ACADEMIC TERM—1863.

EVERY student, when present at any exercise, receives merit marks according to his excellence in that exercise. If absent from such exercise, from whatever cause, he is not entitled to receive any marks of credit. He also receives *demerit* marks for misconduct, which, in making up the classification, are deducted from the merit marks in order to ascertain his proper place upon the Merit Roll.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises by *ten*, and is that number of credits (including examinations) which a student would receive who should perform all the exercises to the entire satisfaction of his instructors, never be absent from any of his duties, and receive no demerits for misconduct.

MERIT ROLL.

SENIOR CLASS.

	Maximum, . . .		5400
		Demerits.	Results.
	HIGHEST.

MERIT ROLL

OF THE

NEW YORK FREE ACADEMY,

First Academic Term.

SEPTEMBER, 1863, TO FEBRUARY, 1864.

NEW YORK:

BAPTIST & TAYLOR, BOOK AND JOB PRINTERS,

"SUN BUILDING," COR. FULTON AND NASSAU STS.

1864.

FIRST ACADEMIC TERM.

SEPTEMBER, 1863, TO FEBRUARY, 1864.

On the Merit Roll, the Students are classified as Highest, High, Good and Low.

The Student who has the highest number of marks in his class ranks Highest.

All Students rank High, the total of whose marks in study and conduct together, equals the maximum of conduct plus nine-tenths of the maximum of study.

All Students rank Good, the total of whose marks equals the maximum of conduct plus six-tenths of the maximum of study.

And all Students, the total of whose marks falls below this last sum rank Low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

On this Merit Roll the Students of the Introductory Class are not graded in the departments of Natural History and English.

SENIOR CLASS.

		Demerits.	Results.	Rank in Languages.	Rank in Engineering	Rank in Physics.	Rank in Philosophy.

HORACE WEBSTER,

President of the Faculty.

MERIT ROLL

OF THE

NEW YORK FREE ACADEMY,

Second Academic Term.

FEBRUARY, 1864, to JULY, 1864.

New York:
C. S. WESTCOTT & CO., PRINTERS,
No. 79 John Street.

1864.

SECOND ACADEMIC TERM.

FEBRUARY, 1864, TO JULY, 1864.

On the Merit Roll the Students are classified as Highest, High, Good, and Low.

The Student who has the highest number of marks in his class ranks Highest.

All Students rank High, the total of whose marks in study and conduct together, equals the maximum of conduct plus nine tenths of the maximum of study.

All Students rank Good, the total of whose marks equals the maximum of conduct plus six tenths of the maximum of study.

And all Students, the total of whose marks falls below this last sum, rank Low.

In the various studies, as well as on the general Merit Roll, Students who have equal marks are numbered the same; but the number of the one next below them is determined by the whole number above him in the class.

SENIOR CLASS.

Maximum.....5,100
